

Raising the Bar: CIS triumphs at LISMUN 2025

The 13th Session of the Lyceum International School Model United Nations (LISMUN 2025) Conference was held at the Lyceum International School, Nugegoda on the 13th, 14th and 15th of December 2025.

This year's conference consisted of a compact and close-knit delegation from CIS with a mixture of veteran CIS MUNers and a majority of fresh novice delegates. With the executive committee of the CIS MUN Society taking charge, the entire delegation worked with an unwavering commitment to practicing debating skills, polishing foreign policy and refining technicalities – ranging from group practices to individual training sessions

Navigating through numerous obstacles during conference and demonstrating resilience in the face of adversity in committees, the CIS delegation shone through in the end with the same grit and vigour shown at practices. Several novice delegates showed great promise during both the main debate sessions and the crisis sessions. It is also noteworthy that several of our delegates achieved at outstanding levels despite being rookies within the MUN circuit.
